

To whom so Ever It may Concern

This is to state that We (MKT Softwares Private Limited) have signed an agreement with Sanskriti University for the implementation of ESIM CAMPUS SOLUTION (ERP & Education automation System).

MKT Softwares A CMMi Level 5, ISO 270001 and ISO 20001 certified company, is a pioneer in providing comprehensive solutions to all kinds of businesses. MKT has come a long way from our humble beginnings back in 2006 and are now valued as a \$120 million enterprise. In less than a decade, it has served over 100 satisfied customers in India, Southeast Asia, Canada, and the U.S. We are currently operating in three verticals – Software Development, System Integration, and Education. Under Software Services, it offers extensive ERP consulting, implementation, and customization for various industry verticals. Using our adept in-house team, we have developed solutions that target business challenges – MKT’s Consultants, a web-based HR management system; ESIM CAMPUS SOLUTION , An Analytical campus management Enterprise software. We also offer services pertaining to web development, business intelligence, and GIS.

Scope of work

For single point of control and management of all affairs, the need has been felt by the University for an integrated system, which will empower the staff and students to access the information and provide all essential services in a university setup. The integrated system should be contextualized to best meet the unique requirements of a university. The service offerings of the ERP system should be contemporary and should provision to meet the dynamic and futuristic needs of the university. The primary scope of work includes: -

- Design, Development and Deployment (cloud hosting for 5 years) of an ERP System
- Operations and Maintenance of the application software on cloud infrastructure for 5 years
- Training and capacity building of Sanskriti employees
- Customization and Enhancement of the functionality in the modules as per MKT’S CONSULTANTS requirements during the contract period.

The key features of the ERP system, which has been envisaged is that it should be capable enough to support up to 30,000 concurrent users and scalable for the dynamic configuration up to the volume of 1,00,000 users. The system should be effective to automate the manual processes and well equipped to deal with the issues of delayed processing and high Turnaround time. It should enable the simplification of processes and maximize the governance with optimal resources. It shall also provision a dashboard with DNS & DNS hosting for ERP systems with 100% Web (Internet / Intranet) enablement on a Cloud Platform.

Modules

S.No.	Module Name	Availability
1	Academic Office	Yes
2	Admission Office	Yes
3	Online Admission (Admission Schedule, Application Form)	Yes
4	Examination	Yes
5	Student Portal	Yes
6	Faculty Portal	Yes
7	Student Grievance Redressal	Yes
8	Online Fee Submission	Yes
9	Student Fees Management	Yes
10	Admission Fees Management	Yes
11	Guest Faculty Recruitment	Yes
12	Regular Faculty Recruitment	Yes
13	Testing & Consultancy	Yes
14	Reports	Yes
15	Spot Counselling Registration & Fee Management	Yes
16	Grievance Redressal Portal	Yes
17	Online Exam Management	Yes
18	Security Module	Yes
19	Financial Accounting Software Module	Yes
20	Central Store Inventory Management module	Yes
